Exploration Systems Directorate Web site is active

Visitors to the Exploration Systems Directorate's new Web site will learn more about the journey that will mark the beginning of a sustained human presence in the solar system. The site gives visitors information on the directorate's programs such as Constellation Systems, Technology Research and Development, Prometheus and Centennial Challenges. It also lists procurement announcements and has an events calendar. Go to <http://explorationsystems.nasa.gov>

Seatbelt use mandatory in all vehicles on Redstone Arsenal

Team Redstone briefing set for Tuesday, Wednesday

The 2004 Team Redstone Advance Planning Briefing for Industry (APBI) will be held Tuesday and Wednesday at the U.S. Army Aviation and Missile Command, Bob Jones Auditorium, on Redstone Arsenal. This briefing is a continuing effort to keep industry informed of the U.S. Army's long-range technology development objectives and contractual opportunities. Register online at <http://apbi.redstone.army.mil>.
